

NSWA

Northwest Science Writers Association

Science Scavenger Hunt

Category Checklist

- A symbiotic relationship
- A change in pH
- One of Newton's laws
- An era of the geologic time scale
- Erosion
- The Second Law of Thermodynamics
- A hybrid
- An extraterrestrial object

Rules

Submit each entry by posting a photo or video on Twitter that includes:

1. The hashtag #NSWAScavengerHunt;
2. The name of the category, and
3. The following text (optional): "Like your fav's in @NSWA's science scavenger hunt Aug 5-9!"

Participants will receive 1 point for each completed category. The entry in each category with the most likes wins a bonus of 5 additional points. Each point will translate into one chance to win one of three digital gift certificates (\$50, \$30, or \$20) to a bookstore of your choice. Prizes will be awarded by three random drawings from the accumulated pool of all participants' chances on August 10. Winners will be announced via Twitter and on <http://nwscience.org>.
